### **DETAILED ACTION**

1. This office action is in response to Applicant's response filed March 22, 2004. New claims 24-52 have been added.
2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

### ***Claim Rejections - 35 USC § 112***

3. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims ~~14~~ 24-26 and 50-52 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

The claims contain new matter which has not been originally disclosed in the present application. If Applicant contends that these claims do not contain new matter, page and line numbers in the specification where support for these claim features are disclosed should be clearly pointed out.

4. Claim 26 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 26, "the method" lacks antecedent basis.

Claims 27-52 are not proper recited as method claims.

*Allowable Subject Matter*

5. Claims 1-23 are allowed.

6. Claims 24-52 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.
